Heavy Selling Orders Were Placed in Union Pacific.

London Dealings in American Stocks Were Buillsh-The Advanc's and Declines-Our Market About Equal-

Erecial to the Garette. NEW YORK, Oct. 28 .- Heavy selling

orders were put in Union Pacific just betore noon, the rumor being that sales were based on inside information in regard to the September statement. This statement is understood to be unfavorable, and earnings are reported light. There was no support to the stock, and the only orders were traders, who had sold before at higher prices.

London continued bullish on our stocks this morning. Cabled prices for Americans showed advances. Again it looked as though the financial sky was clearing in Europe. It is only to be hoped that this view may not again turn out to have been premature. Our market opened in a rather undecided fashion, decline in sugar certificates tending to weaken the list. In the course of a half hour, however, the buoyant spirit of yesterday afternoon took hold again, and the market advanced. Considerable disappointment was felt when it was learned that the sugar trust case had been postponed until Thursday in consequence of the unavoidable absence of the judge. This means that for two days more at least holders of securities of every kind are liable to see the market for these securities weakened and demoralized by a few gamblers in sugar certificates. The improvement in the market did not last. London sold some stocks. The bears attacked Union Pacific and carried the list down with it. Western on suffered from the strike of its onlives at St. Paul, although there ns to be no fear that the strike will ome general. Many seem to feel that Western Union has not had a fall ommensurate with future possibilities and with the general decline. Late ndon quotations showed declines ow-

Election for City O ficers of Oak Citff to Take Place Next Saturiay-Sol Richardson Free-

Special to the Garette.

DALLAS, TEX., Oct. 28 .- Since the Cliff was held and incorporation carried stitution of the caute bas been much discussion as to the lity of taking so much territory into Mrs. incorporate limits. The area emneed by the limits is nine square rem Sole Agent, among other questions this one much, among other questions this one mask piles, and many think this too much. among other questions this one was discussed and opinions were read from some of the leading attorneys of the state, and all agree that the limits are just and levally correct. The election for city officers for Oak Cliff will take place next many of the candidates spoke on the various questions of interest concerning the new city. All are in favor of ut once building more school houses, and it appears to be the wish of every resident of Oak Cliff to make the city a great educational center and to have the work begun at once. As a seat of learning this new city has all the advantages of a pure and healthful climate. Much interest is manifest in the coming election and on Saturday a full vote will be cast, The case of W. J. Strickland for forgery has been argued and to-day given to the jury, but as yet they have returned no verdict.

It will be remembered by the readers of THE GAZETTE that about eight months ago an fron box containing \$14,000, belonging to the express company, disappeared in transit between the office and depot. A negro named Sol Richardson was arrested for the theft, and has since been in jail. Late yesterday evening his case was called, and at the request of the county attorney the case was dismissed and Richardson is again a free man.

A man by the name of Scott has been arrested for passing counterfeit money. Much of this work has been done since the fair began.

OAK CLIFF.
For the past week Dallas has been alled with strangers and during this time thousands have availed themselves of the opportunity to visit the beautiful cliff city to the west of Dallas. Some have been filled with wonder, some with surprise, while all have expressed great admiration at the beauty and grandeur of this modern marvel in city building. Oak Cliff is no longer an experiment, but a live, wide-awake city of 1000 people, and has within its limits all the essential and has authin its limits all the essential improvements found in these of three times its size and age. But a few months have passed ance the cace where the city now stand, was all its name implies and in its native rillings. During these few months street here been graded and paved, shade trees we been systematically planted; how for residence and business purposes any seen built, street railroads have be nearly constituted; electric lights have been errected, water works have been brought into use, thurches and schools have been inaugurated and brought to the point of perfection; while scores of other improvements have been hade to do service for the pleasure and convenience of man. But in addition to the man. But in addition to the tors of this city, nature has lent her aid in the way of location. A hillside home has always had an attraction, and in Oak

The Result of Inst Sunday the Cause of Much Ill Feeling-Conflicts Reported.

BERNE, Oct. 28 .- A dispatch from Frieburg, the capital of the canton of Frieburg, seventeen miles southwest of this city, state the result of the elections held there on Sunday last was productive of much ill feeling between opposing parties. The Radicals accused the Conservatives of winning by unfair means. one of the charges against them being that they falsified the ballots. Charges and counter charges were ma te until today, when the trouble terminated in serious conflicts. The Radicals are armed and threaten to overturn the cantonal government.

A report was received here from Lugano, one of the capitals of the canton of Tieino, stating fighting occurred today between troops and disaffected Liberals, and some blood had been shed. The Federal council has been unanimous in the vote which rejected the appeals made by the ultramontanes of of Tiemo against the popular vote taken on October 5 last, when the majority deelection on the incorporation of Oak clared in favor of a revision of the con-

Two Negroes Jump Off a Train While in Motion, With Serious Results. Special to the Gazette.

Paris, Tex., Oct. 28 .- A serious accident happened on an east-bound Texas Saturday, and at last night's meeting and Pacific train about two miles east of here on Sunday afternoon, the meager details of which have just been made known here. Among the passengers on the train were two negroes seeking employment as cotton-pickers. They had, it seemed, never been on a train, and seeing a great deal of cotton in the fields they were passing, desired to get of and hunt work, so they walked out on the platform and jumped off. The train wes stopped and backed down to where they were lying; one was crushed into a shapeless mass and the other was badly injured, but still alive. Their bodies were placed on the train and carried to Clarksville. Neither of their names could be learned from our informant, who was a passenger on the train.

Covering Lotteries.

WASHINGTON, Oct. 28 .- Attorney-General Miller has sent a circular letter to all United States attorneys calling attention to the act of congress approved September 29, entitled an act to amend certain sections of the revised statutes relating to lotteries, and for other purposes, with the suggestion that they carefully examine same and spare no effort in its enforcement. Similar instructions have been sent to United States marshals.

The Western Union All Right at St. Paul. ST. PAUL, MINN., Oct. 28 .- The Western Union office in this city gave no signs of a strike, almost a full force being at work to-day. Superintendent McMichael says they are up with all business, and have not been at all hampered by the walk out, except for a couple of hours last night. There are altogether twenty-three men out, twelve of whom were discharged while the others quit work.

A \$200,000 Blaze at Eureka Springs. EUREKA SPRINGS, ARK., Oct. 28 .- A fire which started in H. S. Collins' jewelry store on Spring street, consumed property valued at \$200,000. There was no loss of life. The Perry house, Spring-field house, Ohio house and thirty-five other business and dwelling houses were destroyed. The total insurance is about

COTTON FUTURES AND SPOTS. New Orleans, La., Oct. 28.—Atwood, Violett & Co., sav: Futures— There appears to be no indication of permanant strangth to the market unless bad weather should again set in and give some encouragement to those who believe in better prices. At present the first damage is supposed to be immaterial, as but little attention is given it. Good weather prevails generally and receipts continue on the same liberal scale. Unless Liverpool comes to the rescue a lower level will apparently have to be reached before a substantial reaction can take place, and yet the demand for actual cotton continues and make the near months at a heavy discount dangerous to sell. Our New York advices say they would rather buy than sell on declines. The crop estimates are increasing. Port receipts to-day are 57,000, against 65 .-000 last year. We close four points lower than yesterday.
